

A Pollution Prevention Collaboration among Hamilton County, Butler County, and Clermont County
Recycling and Solid Waste Districts and Ohio EPA

The Southwest Ohio Pollution Prevention (P2) Internship Program is a summer internship program that pairs student interns with companies in Hamilton, Butler, and Clermont counties seeking new and innovative approaches to environmental efficiency and conservation. Currently, we are seeking intern applicants for our 2025 host company in Hamilton County, **Cincinnati Art Museum**.

About Cincinnati Art Museum: The Cincinnati Art Museum (CAM) is home to more than 73,000 works of art that span 6,000 years of human creativity. It is the largest art collection in Ohio, Kentucky, or Indiana, and one of the finest in the nation. Highlights of our collection are displayed in 70 galleries, open to the public without admission fees. CAM also presents between 10 to 12 temporary special exhibitions annually and serves over 250,000 visitors.

Intern Responsibilities:

The intern will be given responsibilities that assist his/her/their learning and experience in implementing pollution prevention and sustainability initiatives including:

- Attend a two-day pollution prevention training, prior to the start of site-specific project work

Areas of Focus & Projects:

- Develop sustainability programs at CAM
- Identify waste and carbon reduce/offset opportunities
- Advance sustainability dashboard, specifically as it relates to exhibition production
- Evaluate and present new pollution prevention recommendations

Expected Outcomes:

- Waste diversion from exhibition production
- Improved sustainability dashboard and data
- Advancement of current programs
- Develop new pollution prevention programs

Qualifications:

- Must be an undergraduate or graduate student with at least two years of undergraduate education completed
- Desired majors include: Environmental Science and Studies Majors, Environmental Health and Safety Majors, Environmental Engineering Majors, Business/Communications majors
- Must have valid driver's license issued
- Commit to working for 12 weeks from May until August
- Provide own housing and transportation

Recycling and Solid Waste Districts and Ohio EPA

Desired Skills:

- Understanding of and passion for sustainability and waste reduction
- Project management experience
- Strong interpersonal skills
- Critical thinking and problem-solving skills
- Ability to understand, categorize, and use data
- Ability to utilize computer technology to conduct research, prepare reports, access data, and maintain records

Compensation and Hours:

- \$12-\$14/hr, depending on experience
- 35 hrs/week
- Mainly on-site work at the Art Museum (953 Eden Park Dr. Cincinnati, OH 45202), possibility to telecommute if work allows

Application Instructions:

- Apply online [here](#) or email christin.horsman@hamilton-co.org for more information
- **By applying to this posting, you may also be considered for our other 2025 host companies; you are not guaranteed to work with the Cincinnati Art Museum, but your preferences will be considered**
